**BUILDING JOINT AGREEMENT**

This Agreement will provide the parties with the assurance that during the three (3) year term of this Agreement a fair and honorable relationship will continue. This Agreement provides wage rates and fringe benefits commensurate with the skills and abilities of the workmen and also guarantees that the contractors will receive a service and cooperation in getting the job done.

You will note that this contract contains Agreements which were reached through understanding the problems of each of the parties by the method of free and honest collective bargaining. This Agreement now becomes part of our every day working relationship and it is yours to be administered wisely, adhered to in every respect and defended to the utmost of our ability.

**JOINT AGREEMENT**

THIS AGREEMENT made and entered into the 1st day of June, 2010, by and between the Mid-America Regional Bargaining Association (MARBA) for and on behalf of the present and future members of its Member Associations, and the individual members thereof individually and their successors and assigns, as provided in Article I, Section 2, hereinafter for convenience, referred to as the "EMPLOYER", and the INTERNATIONAL UNION OF OPERATING ENGINEERS, LOCAL UNION NO. 150, AFL-CIO, hereinafter, for convenience, referred to as the "UNION".

This Agreement shall cover the following named counties:  
Cook, DuPage, Grundy, Kane, Kankakee, Kendall, Lake, McHenry and Will, all in Illinois.

This Agreement is based upon the understanding that the Employer and Union have a common and sympathetic interest in the Construction Industry. Progress in the industry demands a mutuality of confidence between the Employer and the Union. Accordingly, a working system and harmonious relations are necessary to improve and further the relationship between the Employer, the Union, and the Public, so that all will benefit by continuous peace and by adjusting any differences by rational common sense methods.

This Agreement shall be in full force and effect from June 1, 2010 to May 31, 2013.

NOW THEREFORE, it is hereby AGREED AS FOLLOWS:

## ARTICLE II

**SECTION 1. GRIEVANCES AND ARBITRATION.** For the purpose of this Agreement, the term "grievance" is any claim or dispute involving an interpretation or application of the Agreement by an Employee, or an Employer, or the Union, or the Association that one or the other of the aforesaid persons or organization is violating or had violated this Agreement.

All grievances shall be filed under the provisions of this Article.

**STEP ONE:** A grievance shall first be taken up between the Union's Business Representative assigned to the job and a designated representative of the Employer. The Union must file the grievance within forty-five (45) days of the date of occurrence giving rise to the grievance or when the affected Employee knew or reasonably should have known of the existence of the grievance. Grievances not filed within the forty-five (45) day period are deemed waived and are not subject to being processed through this procedure.

The above forty-five (45) day limit may be waived for violations of Article V, Section 1, Starting Time – Work Day – Lunch Period and Article V, Section 2, Show-Up Time. Also, Article V, Section 5, Overtime/Holidays. The liability shall be for three (3) years of the violation, verified by audit. Audit fees shall be paid for by the Company, along with a ten percent (10%) penalty payable to the Union.

**STEP TWO:** In the event the grievance cannot be resolved within seven (7) working days of the STEP ONE conference, it shall be reduced to writing and referred for conference and resolution by designated officials of the Union and the Contractor at a pre-grievance hearing to be held at the office of Local 150, 6200 Joliet Road, Countryside, Illinois, unless another location is mutually agreed to.

**STEP THREE:** In the event the grievance cannot be resolved by STEP TWO, the written grievance shall be submitted within fifteen (15) days to the Joint Grievance Committee (JGC) created in this Article.

The Union and Association have together created a Joint Grievance Committee to resolve grievances arising under this Agreement. This committee shall consist of an equal number of members representing Employers and the Union. The Union or Association may appoint alternate members.

The Joint Grievance Committee has formulated rules of procedure to govern the conduct of its meetings and such rules for the processing of grievances as are not in conflict with this Agreement. The Joint Grievance Committee (JGC) may adopt procedural rules which shall be binding upon all parties to the JGC proceedings.

The Joint Grievance Committee shall have the power to resolve all grievances before it and shall have the right to examine all records of the Employers and Employees as is reasonably necessary to resolve the grievance. The Joint Grievance Committee shall have the authority to determine and assess remedies for violations of this Agreement, including but not limited to an award of back pay and equivalent benefits to the Local 150 Assistance Fund.

Where the Joint Grievance Committee, by majority vote resolves a grievance, no appeal may be taken and such resolution shall be final and binding on all parties and individuals bound by this Agreement.

If the Joint Grievance Committee is unable to resolve a grievance by majority vote, the grievance may be submitted within thirty (30) days to a neutral arbitrator. If the Union and the Association or the Employer, as the case may be, cannot agree on an arbitrator, then an arbitrator shall be selected in accordance with the rules and procedures of the American Arbitration Association. The cost of such arbitrator shall be borne equally by both parties to the arbitration; and the decision of the arbitrator shall be final and binding on all parties and individuals bound by this Agreement.

The time limits provided in this Section may be extended by mutual written consent of the Union and the Association and/or the Employer or at the discretion of the Joint Grievance Committee.

Neither the Joint Grievance Committee nor an arbitrator shall have any authority to add to, detract from, or in any way alter the provisions of this Agreement or make a new Agreement.

Decisions of the Joint Grievance Committee and Arbitration awards shall be complied with within seven (7) days of receipt of the decision by the losing party. A party which fails to comply within the seven (7) day period shall be required to pay an additional ten percent (10%) of all amounts owed as liquidated damages for failure to comply with the decision or award. In the event the prevailing party is required to file suit to enforce the decision or award, and it prevails, it shall be entitled to recover its costs, including attorney's fees, from the losing party.

There shall be no lockout by an Employer during the term of this Agreement.

Except as provided in Article II, Sections 3 and 4 of this Agreement, there shall be no strikes or work stoppages by the Union during the term of this Agreement.

In the event the Union is entitled to recover its costs and attorney's fees under Article II of this Agreement, and these costs and attorney's fees are unpaid, the Union shall be entitled to resort to all legal and economic remedies, including the right to strike and picket until such failure to pay has been corrected.

## **SECTION 4. LEGITIMATE PICKET LINE**

If payment for contributions as defined above is not received by the Fund Office by the twentieth (20th) day of the month, the Employer shall be deemed to be in violation of this Agreement and the aforementioned Trust Agreement and shall be liable for contributions due, liquidated damages, interest, and any other cost of collection.

The parties agree that such meetings and bargaining will not be considered a reopening of the contract for any purpose and all other provisions of the agreement shall remain in force and effect through the term of the Agreement.

Corporate officers and their children will be exempt from this provision when they operate equipment doing bargaining unit work during an emergency such as fire, flood or to save life or property.

The exemptions provided herein do not relieve the Employer from the obligations of Article III, Section 2 Regular Assigned Engineers of this Agreement.

work and who:

Corporate officers and their children will be exempt from this provision when they operate equipment doing bargaining unit work during an emergency such as fire, flood or to save life or property.

Certain of these Employees receive compensation in such a manner that it is difficult to determine for purposes of fringe benefit contributions the precise number of hours which are spent performing bargaining unit work. It is therefore agreed that when an Employee who is employed by a corporation, performs both bargaining unit work and/or non-bargaining unit work and who:

During the term of this Agreement, if the per member/participant cost of providing Welfare Fund benefits to such persons exceeds the total contributions made on their behalf hereunder on an annualized basis, the parties agree to meet and bargain over the need to increase the one hundred twenty (120) hours monthly minimum contribution requirement of this provision. The parties agree that such meetings and bargaining will not be considered a reopening of the contract for any purpose and all other provisions of the agreement shall remain in force and effect through the term of the Agreement.

Corporate officers and their children will be exempt from this provision when they operate equipment doing bargaining unit work during an emergency such as fire, flood or to save life or property.

The exemptions provided herein do not relieve the Employer from the obligations of Article III, Section 2 Regular Assigned Engineers of this Agreement.

If payment for contributions as defined above is not received by the Fund Office by the twentieth (20<sup>th</sup>) day of the month, the Employer shall be deemed to be in violation of this Agreement and the aforementioned Trust Agreement and shall be liable for contributions due, liquidated damages, interest and any other costs of collection,

Any provision contained herein that is contrary to or held to be in violation of the Labor Management Relations Act of 1947, or any Federal Law now in force or hereafter enacted, or hereafter becoming effective, shall be void, and of no force or effect, and this contract shall be construed as if said void provision here were not a part thereof, it being intended, however, that the other provisions of this contract shall not be affected thereby.

It is further agreed that should compliance with any Federal Law, or amendment thereof, or any order or regulation issued thereunder, now or hereafter in force and effect, prohibit the carrying out of any of the provisions of this Agreement, then to the extent of such deviation or prohibition this Agreement shall be deemed to have been automatically amended, effective on the effective date of such law, order or regulation.

Such amendment to this contract shall remain in effect only so long as said law, amendment, order or regulation continues in force, or until the expiration of this Agreement, whichever event shall first occur.

In the event no agreement is reached after sixty (60) days of the commencement of such negotiations, then either party may resort to self-help, including but not limited to strikes, lockouts, and unilateral implementation.

**JOINT LABOR-MANAGEMENT  
UNIFORM DRUG/ALCOHOL ABUSE PROGRAM**

The purpose of the following program is to establish and maintain a drug free, alcohol free, safe, healthy work environment for all of its Employees.

**II. DEFINITIONS**

A. Company Premises - The term "Company Premises" as used in this policy include all property, facilities, land, buildings, structures, automobiles, trucks and other vehicles owned, leased or used by the company. Construction job sites for which the company has responsibility are included.

B. Prohibited Items & Substances - Prohibited substances include illegal drugs (including controlled substances, look alike drugs and designer drugs), alcoholic beverages, and drug paraphernalia in the possession or for being used by an Employee on the job.

C. Employee - Individuals, who perform work for (COMPANY NAME), including, but not limited to, management, supervision, engineering, craft workers and clerical personnel.

F. Reasonable Cause - Reasonable cause shall be defined as excessive tardiness, excessive absenteeism, and erratic behavior such as noticeable imbalance, incoherence, and disorientation.

**III. CONFIDENTIALITY**

A. All parties to this policy and program have only the interests of Employees in mind, therefore, encourage any Employee with a substance abuse problem to come forward and voluntarily accept our assistance in dealing with the illness. An Employee assistance program will provide guidance and direction for you during your recovery period. If you volunteer for help, the company will make every reasonable effort to return you to work upon your recovery. The Company will also take action to assure that your illness is handled in a confidential manner.

B. All actions taken under this policy and program will be confidential and disclosed only to those with a "need to know".

C. When a test is required, the specimen will be identified by a code number, not by name, to insure confidentiality of the donor. Each specimen container will be properly labeled and made tamper proof. The donor must witness this procedure.

D. Unless an initial positive result is confirmed as positive, it shall be deemed negative and reported by the laboratory as such.

E. The handling and transportation of each specimen will be properly documented through the strict chain of custody procedures.

**IV. RULES-DISCIPLINARY ACTIONS-GRIEVANCE PROCEDURES**

**1. RULES** All Employees must report to work in a physical condition that will enable them to perform their jobs in a safe and efficient manner. Employees shall not:

- a. Use, possess, dispense or receive prohibited substances on or at the job site; or
- b. report to work with any measurable amount of prohibited substances in their systems.

**2. DISCIPLINE** When the company has reasonable cause to believe an Employee is under the influence of a prohibited substance, for reasons of safety, the Employee may be suspended until test results are available. If no test results are received after three (3) working days, the Employee, if available, shall be

returned to work with back pay. If the test results prove negative, the Employee shall be reinstated with back pay. In all other cases:

- a. Applicants testing positive for drug use will not be hired.
- b. Employees who have not voluntarily come forward, and who test positive for a drug use, will be terminated. Refusal to cooperate with testing procedures will be treated as the equivalent of a positive test.
- c. Employees who refuse to cooperate with testing procedures will be terminated.
- d. Employees found in possession of drugs or drug paraphernalia will be terminated.
- e. Employees found selling or distributing drugs will be terminated.
- f. Employees found under the influence of alcohol while on duty, or while operating a company vehicle, will be subject to termination.

**3. PRESCRIPTION DRUGS** Employees using a prescribed medication which may impair the performance of job duties, either mental or motor functions, must immediately inform their Supervisor of such prescription drug use. For the safety of all Employees, the company will consult with you and your physician to determine if a re-assignment of duties is necessary. The company will attempt to accommodate your needs by making an appropriate reassignment. However, if a re-assignment is not possible, you will be placed on temporary medical leave until released as fit for duty by the prescribing physician.

**4. GRIEVANCE** All aspects of this policy and program shall be subject to the grievance procedure of the applicable collective bargaining agreement.

**V. DRUG/ALCOHOL TESTING** The parties to this policy and program agree that under certain circumstances, the company will find it necessary to conduct drug and alcohol testing. While "random" testing is not necessary for the proper operation of this policy and program, it may be necessary to require testing under the following conditions:

- A. A new Employee shall be eligible to be "pre-employment" tested either prior to starting work or within the first forty-eight (48) hours of employment. The Employee is entitled to be compensated for the time required to submit the test;
- B. A test may be administered in the event a Supervisor has a reasonable cause to believe that the Employee has reported to work under the influence, or is or has been under the influence while on the job; or has violated this drug policy. During the process of establishing reasonable cause for testing, the Employee has the right to request his on-site representative to be present;
- C. Testing may be required if an Employee is involved in a workplace accident/incident or if there is a workplace injury;
- D. Testing may be required as part of a follow-up to counseling or rehabilitation for substance abuse, for up to a one (1) year period;
- E. Employees may also be tested on a voluntary basis.
- F. Employer must notify the Union's dispatch office in writing, within a reasonable time, of any positive test result or refusal to cooperate with testing procedures.

Each Employee will be required to sign a consent and chain of custody form, assuring proper documentation and accuracy. If an Employee refuses to sign a consent form authorizing the test, ongoing employment by the company will be terminated.

Drug testing will be conducted by an independent accredited laboratory (National Institute on Drug Abuse and/or College of American Pathology), and may consist of either blood or urine test, or both as required. Blood tests will be utilized for post accident investigation only.

The company will bear the costs of all testing procedures.

## **VI. REHABILITATION AND EMPLOYEE ASSISTANCE PROGRAM**

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary

matter. If an Employee voluntarily notifies supervision that he or she may have a substance abuse problem, the company will assist in locating a suitable Employee assistance program for treatment, and will counsel the Employee regarding medical benefits available under the company or union health and welfare/insurance program.

If treatment necessitates time away from work, the company shall provide for the Employee an unpaid leave of absence for purposes of participation in an agreed upon treatment program. An Employee who successfully completes a rehabilitation program shall be reinstated to his/her former employment status, if work for which he/she is qualified exists.

Employees returning to work after successfully completing the rehabilitation program will be subject to drug tests without prior notice for a period of one year. A positive test will then result in disciplinary action as previously outlined in this policy and program.

**CRANE-RENTAL COMPANIES  
SIDE LETTER TO THE  
MID-AMERICA REGIONAL BARGAINING ASSOCIATION (MARBA)  
ILLINOIS BUILDING AGREEMENT**

Whereas, the International Union of Operating Engineers, Local 150, AFL-CIO ("Local 150"), and the Mid-America Regional Bargaining Association ("MARBA") are currently parties to collective bargaining agreements known as the Illinois Building Agreement ("IBA"), and the Illinois Heavy, Highway & Underground Agreement ("IHHUA"), effective June 1, 2007, through May 31, 2010. The parties expressly adopt all terms and conditions of those agreements in effect;

Whereas, various companies whose primary business it is to rent cranes ("Crane-Rental Company") and signatory to the IBA by either Memorandum of Agreement or by Association are separately signatory to a side letter which in general permits these companies to allow for the crane operators in their employ to be put directly onto the payrolls of the Local 150 signatory contractors to whom they are renting the cranes. This practice of allowing operators to "switch payrolls" is permitted specifically under the crane-rental company side letter and generally for all companies under Section 8(D) of the hiring procedures contained in Addendum No. 1 to the collective bargaining agreements referenced above; and,

Whereas, in order to clarify the application and interpretation of the crane-rental company side letter and Addendum No. 1, those documents and any other practices specifically concerning the crane-rental companies switching of payrolls are hereby modified and/or to the extent inconsistent, superseded, as follows:

1. The option of crane-rental companies to allow their Employees to switch to the payroll of a renting signatory contractor is limited to crane-rental companies that are signatory to the IBA.
2. When an Employee of a crane-rental company is switched to the payroll of a renting signatory contractor, the Employee is entitled to compensation under the IBA regardless of the work being performed by the renting signatory contractor and includes, but is not limited to, wage rates, fringe benefits and double-time for overtime for all hours worked and any other occasions under which double-time must be paid under the IBA.
3. When an Employee of a crane-rental company is switched to the payroll of a renting signatory contractor, the crane-rental company is responsible for any wages and fringe benefits not paid to the Employee by the renting signatory contractor. In addition, the crane-rental company to which the Employee was originally dispatched is also responsible to ensure that Employees receive proper documentation of compensation for tax purposes, eligibility for fringe benefits, etc.
4. The manner in which it is determined whether a craft foreman shall be employed by the crane-rental companies under Article IV of the IBA will not be effected by this agreement and shall remain the same as has been the traditionally accepted and agreed upon practice between the crane-rental companies and Local 150.
5. It is understood and agreed that, unless over-ridden by a superseding international agreement to which the crane-rental companies and Local 150 are a party, the crane-rental companies that are signatory to this agreement shall perform all work under the IBA regardless of the scope of the work being performed.

6. It is understood and agreed that the crane-rental companies will allow an Employee payroll switch to be only from the employing crane-rental company directly to the renting signatory contractor with no other crane-rental companies or contractors acting as intermediaries in the Employee payroll switch transaction.

Upon complaint being filed by a Referral Office with the Board created under the Joint Arbitration Clause of this Addendum that any such person has failed to give the notice required by the Sub-Paragraph, and if such person had been given notice of such complaint and opportunity to be heard, the Board may deny such person the right to register for Referral for a period to be fixed by such Board but which shall not exceed one (1) year.

J. All persons seeking active employment when registering shall set forth their name, address and telephone number and classification or classifications of work sought and their experience therein and may change such classification or classifications at any time before being dispatched.

## **7. CANCELLATION OF REGISTRATION**

Registration on Lists 1 through 4 shall be valid until cancelled or registrant is dispatched.

Registration on List 5 shall be valid for one (1) calendar month only, and no such registration shall be carried over to the succeeding month. Any person not dispatched during the calendar month in which he registers shall, if he desires, be available for dispatch upon re-registration.

Any registrant of the Referral Office of which a request is originally made who refuses three consecutive dispatches for any reason shall have his name placed at the end of the list on which he is registered.

## **8. CALL BACK - LIST 1 THROUGH 4**

A. Upon written request of an Employer, signed by the senior representative of the Employer on a job or project and delivered to the Referral Office embracing such job or project stating that such Employer desires, on the basis of past satisfactory service within the preceding thirty-six (36) calendar months, that a named Class 1, Class 2, Class 3, or Class 4 registrant be dispatched in particular classification to such job or project, such Referral Office shall dispatch such registrant in such classification to such job or project, provided such person is registered in such Referral Office and available for work at the time of the receipt of the written request and has also been so registered with the Referral Office for at least seven (7) days if the person had quit previous employment voluntarily and provided, further, that no Employee shall be laid off or discharged except for cause to make room for such person.

In the event the named person is not registered or not available for work at the time of the receipt of a written request under this Section 8(A), the Referral Office shall so notify the Employer as soon as possible, and the forty-eight (48) hour period provided in Section 1 shall not commence to run until receipt by the Referral Office of either a request for an unnamed registrant by classification or a further request under this Section 8(A) for a named person who is registered and available for work at the time of the receipt of the written request or a request under Section 8(B).

For all purposes of this Section 8(A) employment by an Employer engaged in a joint venture on work for which one or more Employer parties to such joint venture is responsible to such joint venture shall be considered employment of a registrant only by the one Employer to whom the registrant was dispatched.

B. Upon written request of an Employer, signed by the senior representative of the Employer on a project and delivered to the Referral Office embracing such job or project stating that such Employer desires an Employee in a particular classification who has had either (i) a specified number of months or years (not to exceed, however, twenty-four (24) months or two (2) years) experience on a particular type of equipment or (ii) a specified number of months or years (not to exceed, however, twenty-four (24) months or two (2) years) experience on a particular type of work, or both, the Referral Office shall contact, if available, the persons in that classification registered and available, for work in the order in which they would be dispatched under paragraphs 4 and 5 of these Regulations and inquire of the registrant as to his experience under (i) and (ii) and the Referral Office shall dispatch the first such registrant who advises the Referral Office that he has such experience.

In the event no person with the requisite experience is available the Employer ordering such person shall not be free to hire directly a person to operate such piece of equipment or perform such work who has had less experience than the experience called for in the order.

C.
